Cat # 2014 Price **\$9.99**

Saber Brain

Cat # 23822 Price **\$9.99**

X-Brain

Cat # 2173 Price **\$10.99**

The **Brain** is the #1 selling Yomega yo-yo because it is so easy to use. The "brain" has a centrifugal clutch that automatically returns the yo-yo back up. Even a beginner can look good. Easy to wind, "no brainer" returns and the ability to sleep with in a transaxle design makes this our #1 beginner's yo-yo. The **Saber Brain** makes it even easier for beginners. The wider Butterfly style design is easier for string tricks and makes this a great choice for someone starting out. The new **X-Brain** is an upgrade from the original Brain. It works like the Brain but has a 4 bearing clutch and for faster and quicker return action.

Fireball

Yomega's patented transaxle system combined with the solid Imperial design allows this yo-yo to spin up to three times longer than ordinary yo-yos. Tricks such as Walk the Dog and Rock the Cradle can be performed with ease.

Grim Sleeper

Cat # 2612 Price **\$14.95**

Cherry Bomb

Cat # 2613 Price **\$17.95**

Da Bomb from Team Losi has features found on yo-yos 2-3 times its price. It has a precision sealed roller bearing and adjustable gap. Optional Speed Rings are also available to increase rim weight and sleep times. The **Grim Sleeper** is identical to the Da Bomb except for color and graphics. The new **Cherry Bomb** is a butterfly version of the Da Bomb - it comes complete with speed rings and a wooden axle for the best of both worlds.

SSII Sonic Spin

The SuperYo SSII Sonic Spin has several design innovations that sets it apart from the crowd. It has a ball bearing (round balls) transaxle instead of the traditional roller bearing axle and it is among one of the heaviest plastic yo-yos on the market.

The heavier weight and ball bearings gives it "super sonic" spin times along with a very distinctive spinning sound. Available in Black, Clear, and Red.

Catalog # 2101
